Igo Hatsuyo-ron

"It is a matter of life and death,
a road either to safety or to ruin.
Hence it is a subject of inquiry
which can on no account be neglected."

— Sun Tzu: The Art of War

Preface

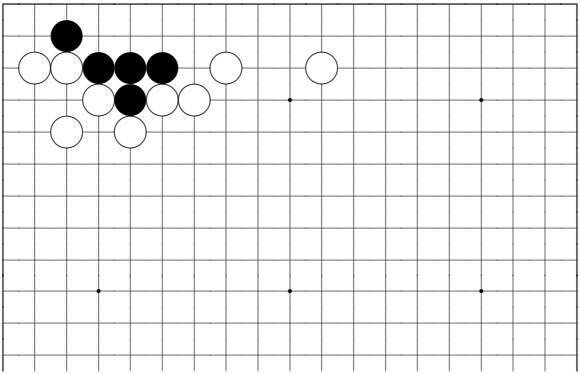

The notoriously difficult Igo Hatsuyo-ron was compiled around 1710 by Inoue Dosetsu Inseki, fourth head of the Inoue house and fifth Meijin Godokoro. It was designed for training of the best students of the Inoue school and was kept secret for a long time.

Igo Hatsuyo-ron consists of 183 very difficult problems and is aimed at strong dan players and professionals. All positions are shown as **black to play**.

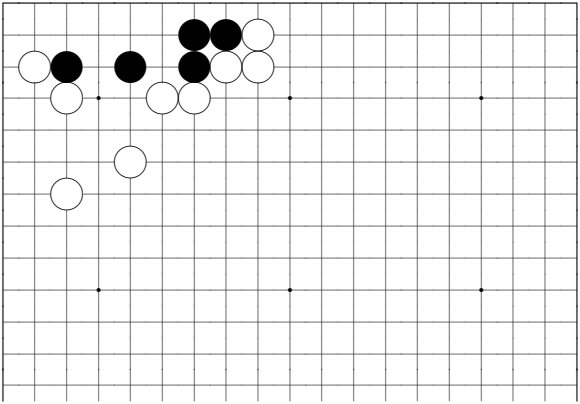

Third edition note

Originally published in 2006, it's been twenty years. This booklet has been downloaded over a hundred thousand times. I never imagined the reach it would have.
